INTERNATIONAL JOURNAL OF ADVANCED ENGINEERING (IJAE)

Vol. 06, No. 01

Editorial

International Journal of Advanced Engineering (IJAE) is an authoritative, peer-reviewed, and open-access half-yearly international journal published by the Information & Communication Technology Advanced Engineering Society (ICT-AES).

The current issue of IJAE (Vol. 06, No. 01) contains 6 articles. These articles are based on ongoing research and development in the broad and advanced areas of voice-controlled home automation systems, real-time detection of school violence using machine learning, transient stability analysis, energy flow schemes, systems for interactive education, and GAN applied hyperparameter optimization.

We are always committed to fast publication while maintaining the quality of articles. We will attempt to notify all authors within 3 months regarding the acceptance or rejection of their submitted articles. Therefore, we would like to encourage you to submit your new articles to this journal for fast and quality publication at no cost.

We would like to express our gratitude to all our authors, reviewers, readers, and editorial board members for their contributions to the publication of this journal.
